Mark Jerome Gomez

Technical Product Manager | Product Owner

AI · IoT · Smart Cities · Digital Twins · Enterprise Platforms

mjerome.gomez@gmail.com linkedin.com/in/romemcg markgomez.vercel.app Dubai, UAE

POSITIONING

Product owner and engineer who turns operator and business needs into shippable connected platforms. Combines product ownership, electronics engineering and enterprise technology across AI, IoT, smart city and digital twin solutions, delivered with multiple vendors in the UAE and the Philippines.

SELECTED BUSINESS IMPACT

~40%
faster infrastructure failure response
ALDAR

~30%
improvement in monitoring efficiency
ALDAR

~25%
reduction in energy costs
ALDAR

~15%
growth in platform adoption
DISRUPT-X

AED 30M+
digital platforms portfolio exposure
ALDAR

95%+
reported UAT success rate
DISRUPT-X

~ marks approximate estimates. Results were delivered with cross functional teams and vendors, and reflect my contribution to shared outcomes.

EXPERIENCE

Terminus Group — Oct 2025 to Aug 2026

Product Manager, Enterprise AI and IoT Platforms

Owned product definition, roadmap and platform architecture for AIoT and Digital Twin platforms deployed across large scale real estate and infrastructure portfolios in the GCC.

Produced PRDs, system blueprints and integration flow specifications across device, middleware and application layers, and set technical governance standards for cybersecurity, data integrity and lifecycle maintainability.

Aldar Properties — Oct 2024 to Oct 2025

Product Owner and Smart City Lead, Digital Platforms

Delivered connected community platforms across Saadiyat, Mamsha and The Grove with Siemens, ID Cube and Parkonic, including smart parking and building intelligence.

Created the Smart City Solution Blueprint, a reusable scoring framework for use cases and vendors, applied across three developments.

Disrupt-X DMCC — Mar 2023 to Oct 2024

Product Manager, IoT Solutions and SaaS Platforms

Promoted from Product Engineer to Product Manager within six months, owning IoT SaaS platforms across the UAE, Saudi Arabia and Oman.

Drove platform development and device integrations over LoRaWAN, NB-IoT, Sigfox and BLE through structured UAT.

Samsung Electro-Mechanics — Jul 2020 to Feb 2023

Product Development Manager

Led electronic component development from concept validation to mass production, working across R&D, quality and Samsung headquarters in South Korea.

Recognised with the Best Practitioner, Most Outstanding Employee (Plating R&D) and Most Improved Process awards.

CORE CAPABILITIES

Product Strategy and Ownership
Product Discovery · Roadmaps · PRDs · Backlog Management · Agile Delivery · Stakeholder Management

AI and Connected Platforms
AI Products · LLM Applications · AI Agents · IoT · AIoT · Smart Cities · Digital Twins

Technical Delivery and Integration
APIs · System Integration · Data Flows · Solution Blueprints · UAT · Release Readiness

Programme and Delivery Governance
Multi Vendor Delivery · RAID Management · Change Control · Requirements Traceability

Tools and Prototyping
Jira · Confluence · Power BI · Excel · MS Project · n8n · AI Assisted Prototyping

LICENCES AND CERTIFICATIONS

Professional Licences
- Registered Electronics Engineer (REE), Philippines
- Registered Electronics Technician (RTech), Philippines

Product and Agile
- Certified Scrum Product Owner (CSPO), Scrum Alliance, Jun 2026
- Mobile Product Management Certification, UXCam, Jan 2025
- Product Experimentation Micro-Certification, Product School, Feb 2025
- Product Roadmapping, Product School
- Digital Adoption Certificate, Pendo, Mar 2025

AI, Technology and Analytics
- Smart Cities: Management of Smart Urban Infrastructures, EPFL, Sep 2026
- Introduction to Large Language Models, PMI, Jul 2026
- AI in Product Management, Pendo, Feb 2025
- One Million Prompters Certificate, Dubai Future Foundation, Mar 2025
- BI Dashboards with Power BI, Codecademy, Sep 2025

IoT and Delivery
- Certified Solution Specialist in Smart HVAC Management Solutions, Milesight IoT, Jul 2026
- LoRaWAN Academy
- Cisco IoT and Digital Transformation
- PMI Organizational Change

EDUCATION

Master of Business Administration, with Distinction
Philippine Christian University, 2024 to 2025

BS Electronics Engineering
University of Batangas, 2015 to 2020
